

VEGAS CUP QUALIFIED TEAMS

EVERY PLAYER MUST READ THESE INSTRUCTIONS AND COMPLETE THE FORM HIM/HERSELF! YOU MUST BRING THIS FORM WITH YOU TO THE VEGAS CUP! As skill levels continue to change with each match played, we recommend you not complete this form until about a week prior to the event...while keeping in mind that every qualified player must complete it.

Feel free to read the form, but this is our condensed version. To avoid potential disqualification, each player on your qualified, Spring 2025 Session roster, must certify him/herself at the skill level they believe represents their TRUE ABILITY, OR their current skill level in Summer Session, if it is higher than what the player qualified for the event as. If you believe you should be a 4, even if you are ranked a 3, and you certify yourself as a 4, you will be raised to a 4 and will not be able to drop. If you believe you are a 3, but are ranked a 4, you would certify yourself as a 3, but would have to start the tournament as a 4. Additionally, if you participate in another APA league area and are ranked higher there than here, you **MUST** certify yourself at the higher level and will be raised to that level for this event! **Captains cannot complete or sign this form for their players!** Each player must write in their own skill level, and then print and sign their own name. **NO PLAYER MAY PARTICIPATE IN THE VEGAS CUP, OR BE USED TOWARDS THE 23-RULE UNTIL HE/SHE HAS COMPLETED THIS FORM!** This form must be turned in when you register to play your first round in the Vegas Cup. Players CANNOT complete it mid-round and expect to play that round. If it wasn't completed for round one, but is completed and turned in when you register for round two, you can play in the 2nd round. If you have any questions, please feel free to email us at apava@yahoo.com.
