"In-house" means that your team plays against other teams at the same location every week. "Traveling" means that your team plays approximately $\frac{1}{2}$ of your matches at your selected home location and the remainder of your matches at other area locations as specified on your schedule. When possible, we have limited the Richmond area travel divisions to within **Southside** only and **West End** only. **Note: This is not the case for all divisions! If you are interested in and/or registered to play in a particular division and would like to know to which locations you may be traveling, please contact

our office. (* To clarify: though some divisions are traveling, the teams in those divisions will not travel outside certain limits. Ex.: Richmond area traveling teams will only travel within the Richmond area, Farmville area traveling teams will only travel within the Farmville area, etc.).
